PACK2ZERO RAISES \$5.7 MILLION TO SCALE SUSTAINABLE PACKAGING INNOVATION

Funding round led by Anteris Capital, Rumbo Ventures, and Water Unite Impact will support global growth and continued innovation in eco-friendly packaging solutions

London, United Kingdom – March 27, 2025 – Pack2Zero, Inc., a pioneer in high-performance sustainable packaging, announced today the successful closing of a **\$5.7 million funding round**. The round was led by **Anteris Capital, Rumbo Ventures, and Water Unite Impact**, alongside a group of impact-driven private investors.

The investment will be used to **expand Pack2Zero's operations, strengthen partnerships with global brands**, and further advance the company's **portfolio of compostable and biodegradable**

packaging solutions, which are designed to replace single-use plastics in the food and beverage industry.

“This investment marks a significant milestone for Pack2Zero as we continue to drive innovation in sustainable packaging,” said **Jorge Reynoso**, CEO and Co-Founder of Pack2Zero. *“With the support of our investors, we are well-positioned to scale our operations and bring our game-changing solutions to more brands worldwide.”*

Pack2Zero is transforming the packaging industry by offering **plant-based, compostable alternatives** to conventional plastic packaging. Its flagship product – **E6PR’s biodegradable six-pack holder** – has already gained traction with beverage companies across North America and overseas, proving that **environmental responsibility and scalable manufacturing can go hand in hand**.

This funding will also support the company’s commitment to **reducing plastic waste** and contributing to a **circular economy**, aligning with the growing global demand for sustainable and responsible packaging options.

“We’re proud to back Pack2Zero and its mission to lead the shift towards scalable, sustainable packaging solutions. With millions of tonnes of plastic entering waterways each year, innovations like Pack2Zero’s are essential to safeguarding marine ecosystems and ensuring cleaner water for future generations.” said **Neil Sandy**, CEO of Wellers Impact – impact investment manager of the Water Unite Impact fund.
